2,097 sq. ft. living space
 3 bedroom, 2 bath
 2 car garage
 10 ft. ceilings
 242 sq. ft. covered porch

The New Haven's wide wrap-around porch provides a relaxing venue for outside entertaining with shade for the front dining area and living room. Ten-foot ceilings and a generous floor plan have been designed to create both volume and space in the New Haven. Separate living areas in the front and back of the home offer ample space for gatherings. The kitchen opens into a full nook that flows into the family room. A separate door leads from the kitchen to the front porch, making for quick and easy access. The second bedroom can easily be modified to function as a master bedroom retreat, den, or can be opened up to create a large living area or bedroom.
